Types of Scholarships:

“Regular” Preschool Scholarship: Students may qualify for a Tier One or Tier Two scholarship based on their family’s income.

“Pre-K” Scholarship: If a child is 5 years of age on or before September 15, 2009 and their family exceeds the 200% income guidelines, they may qualify for a limited number of **“Pre-K Scholarships”**. This “Pre-K” Scholarship does not apply to families under the 200% income guidelines, as they are already income-qualified for a “regular” scholarship. Families who exceed the income guidelines, but have an “age eligible” child (5 years by 9/15/09), will qualify for the Tier Two Empowerment Scholarship rate. **Please mark at the top of the application form if the applicant is a “Regular” or “Pre-K” applicant.**
